

Corporate Social Responsibility Programs

Coastal Moments & Meaningful Meetings

GIVE BACK PACK

A hands-on, purpose-driven activity where teams complete challenges to earn supplies, then assemble backpacks filled with food and toiletries. These are donated to local homeless shelters, combining team bonding with genuine impact.

GO GIVE

A high-energy, GPS-enabled adventure where teams complete challenges and unlock giving impacts through B1G1 — from planting trees to supporting education and health projects around the globe. Purpose meets play in this meaningful treasure hunt.

TOY FACTORY

Turn your team into a high-energy production line as you build, decorate, and deliver toys to children in need. With a focus on efficiency, creativity, and collaboration, this CSR activity ends with a donation to local schools or charities.

HOLE IN ONE

Teams use canned and nonperishable food items to design a fun and challenging mini golf course — complete with custom-built putters. After competing in a light-hearted tournament, all food items are donated to local charities.

WILDLIFE WONDERLAND

In this hands-on program, teams build nesting boxes and animal shelters for native wildlife recovering from bushfires. Working alongside WIRES, teams collaborate to craft homes that will be donated to support animal rescue and rehabilitation.

HELPING HANDS

A deeply impactful experience where teams assemble prosthetic hands to support landmine victims around the world. It's a hands-on challenge in empathy, teamwork, and purpose that leaves participants knowing they've truly changed a life.

HAMPER FACTORY

Teams compete in fun challenges to earn supplies, then design and build the ultimate charity hamper. Creativity, collaboration, and purpose collide as teams vie for the title of Hamper Design Champions—before all hampers are donated to those in need.

IMPACT LIVE

A fast-paced digital challenge inspired by the 17 UN Sustainable Development Goals. Teams complete tasks linked to global issues like poverty, health, and climate, earning points that translate into real-world giving through BICI.
